**RE: UPCOMING CONSTRUCTION ACTIVITY- GIRDER REMOVAL
NORTH TALBOT ROAD BRIDGE (B-15)**

Dear Resident,

As part of our commitment to keep residents and business owners informed about ongoing Rt. Hon. Herb Gray Parkway construction activities, we are writing to inform you of the upcoming construction works in your area.

As announced on November 1, 2013, girders placed at Bridge 15 (North Talbot Road Bridge) at the Rt. Hon. Herb Gray Parkway will be removed and replaced with new girders.

Preliminary works for the removal of the girders installed at Bridge 15 (North Talbot Road Bridge) are starting the week of December 9. Actual removal of the girders will start in mid-January. The works will include the removal of the concrete decks and parapets. Cranes will lift the girders and place them on flatbed trucks for hauling.

Equipment is currently being mobilized to this area, and the total anticipated duration for girder removal at the North Talbot Road Bridge is until February 2014. All work will proceed in accordance with municipal noise by-laws.

Every effort will be made to limit noise, dust and impacts on traffic.

Please be advised that the scheduling of all construction activities, including these works, may be affected by adverse weather conditions, labour disruptions or any other unforeseen conditions.

Should you have any questions or concerns please contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-937-5929 or via e-mail at hgp-plo@wemg.ca.

We appreciate your cooperation during this time.

Yours truly,

Parkway Infrastructure Constructors
