**RE: UPCOMING CONSTRUCTION ACTIVITY- GIRDER REMOVAL  
LABELLE TUNNEL (T-2)**

Dear Resident,

As part of our commitment to keep residents and business owners informed about ongoing Rt. Hon. Herb Gray Parkway construction activities, we are writing to inform you of the upcoming construction works in your area.

As announced on November 1, 2013, girders used for four Parkway structures and rejected by PIC/WEMG will be removed and replaced with new girders. Girder removal will occur over the next three months (weather permitting) at the Labelle Tunnel (T-2) located in the Bethlehem Avenue area.

Equipment to remove girders and the concrete deck is currently being mobilized to this area, with work anticipated to begin in the next week. All work will proceed in accordance with municipal noise by-laws.

Every effort will be made to limit noise, dust and impacts on traffic.

Please be advised that the scheduling of all construction activities, including these works, may be affected by adverse weather conditions, labour disruptions or any other unforeseen conditions.

Should you have any questions or concerns please contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-937-5929 or via e-mail at [hgp-plo@wemg.ca](mailto:hgp-plo@wemg.ca).

We appreciate your cooperation during this time.

Yours truly,

**Parkway Infrastructure Constructors**
