RE: WATERING OF SOD

Dear Resident,

Please be advised that the sod has now been placed in the extra space between the previous wall and the new noise barrier.

When placed, this sod was watered, however to ensure the best results you should continue watering it every other day or as needed (2-3 times per week).

We sincerely appreciate your cooperation. Should you have questions or concerns please contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-937-5929 or via e-mail at hgp-plo@wemg.ca.

Yours truly,

PARKWAY INFRASTRUCTURE CONSTRUCTORS
