

Public Information Open House

Tuesday, October 29, 2013
2:00 p.m. - 8:00 p.m.
Macedonian Community Centre
5225 Howard Avenue, Windsor

The Windsor Essex Mobility Group is hosting the eighth Public Information Open House for the Rt. Hon. Herb Gray Parkway. Through information displays, samples and renderings, the Open House will feature the Landscape Plan, including a number of final design elements new to the public, how feedback and suggestions received to date have influenced the final design, and final reports for a number of landscape and natural environment related elements.

Join us to learn more about the Landscape Plan including but not limited to the following elements:

- noise walls (final design, colour and texture)
- colours and theme for the pedestrian bridges as well as other urban design and aesthetic elements of the Plan
- the multi-use trail system including a number of new trail connections and the design and location of multi-use trail amenities including signage and rest areas
- how the implementation of the landscape plan will be staged
- what you can expect to see in the early phases of landscape implementation such as size of plant materials and the look of Tallgrass Prairie and grassland areas over time
- new berm locations at Ojibway Parkway and at the east end of the project
- implementation of the Lennon Drain Fisheries Compensation Plan near Huron Church Line
- the final Wetland Compensation Plan and Fisheries Compensation Plan.

This PIOH also provides an opportunity to get updates on other project elements including traffic management updates, the Howard Avenue closure south of Highway 3 and roundabout navigation.

For more information on the Rt. Hon. Herb Gray Parkway, please contact:

Windsor Essex Mobility Group - Public Liaison Office

Information collected at the Open House will be used in accordance with the Freedom of Information and Protection of Privacy Act and the Access to Information Act. With the exception of personal information, all comments become part of the public record.

The Public Information Open House will build upon the community consultation previously conducted through the Detroit River International Crossing (DRIC) study and the Public Information Open Houses held on March 9, May 18, July 13, and November 30, 2011 and January 25, June 27, and August 8, 2012. In accordance with Ontario Environmental Assessment Act approval requirements, Design and Construction Reports (DCRs) are prepared and made available for public review. The DCRs will document how the commitments and mitigation outlined in the Ontario Environmental Assessment Report and the Canadian Environmental Assessment Screening Report have been addressed. Notices advising of the availability of the DCR will be published in local newspapers and online.
