

NOTICE OF DESIGN AND CONSTRUCTION REPORT REVIEW OPPORTUNITY

The Windsor-Essex Parkway: First Phase of Road Construction

The Design and Construction Report documents the environmental investigations, proposed mitigation measures, and how commitments outlined in the Detroit River International Crossing Environmental Assessment Report (December 2008) and the associated Ministry of the Environment Conditions of Approval (August 2009) have been addressed.

A Design and Construction Report (DCR) for the works listed below, is available for a 30-day public review period starting **Thursday, July 21, 2011**, at the locations listed below, as well as online at www.weparkway.ca.

The first phase of road construction includes:

- WICK DRAINS AND ADVANCED FILL (at west end of study area)
- HOWARD AVENUE DIVERSION AND ROUNDABOUT
- NORTH TALBOT ROAD BRIDGE REPLACEMENT
- HIGHWAY 401 WIDENING (at east end of study area)
- ADVANCED SANITARY SEWER RELOCATION (between Labelle Street and Lambton Road)

The detail design for the remaining components of the Windsor-Essex Parkway will be addressed in future Design and Construction Reports.

Public comments are welcome throughout the process. Comments on this Design and Construction Report can be provided by mail and/or fax, as noted in the contact information provided below, and may also be submitted through the project website at www.weparkway.ca. **All comments must be received no later than Friday, August 19, 2011.** Information collected will be used in accordance with the *Freedom of Information and Protection Privacy Act*. With the exception of any personal information, all comments will become part of the public record.

Following completion of the 30 day review period, construction of the components outlined in this Design and Construction Report will begin.
