

# THE WINDSOR-ESSEX Parkway

## COME HAVE YOUR SAY ON THE PARKWAY LANDSCAPING AND TRAIL DESIGN

### The Project

The Windsor-Essex Mobility Group has begun work on the Windsor-Essex Parkway. Design and construction of the Parkway will provide a sizeable boost to regional and Ontario economies. With more than 300 acres of naturalized green space, 20 kilometres of recreational trails, and new community connections, residents in Windsor-Essex will enjoy an improved quality of life.

### Involving the Public

You are invited to attend a Public Information Open House on Wednesday, March 9, 2011 to meet the design-build-finance-maintenance team and learn more about the Parkway landscaping and trail design. In addition, information about the Parkway design and construction process will be available for review. Project Team members will be available to answer questions and receive your input. Please note, the meeting presentation will take place three times over the course of the evening at 2:30 p.m., 5:00 p.m., and 7:00 p.m.

### Find Out More
