RE: UPCOMING CONSTRUCTION ACTIVITY- TREE CLEARING, SPRING GARDEN AREA

Dear Resident,

As part of our ongoing commitment to keep residents and business owners updated about ongoing Windsor-Essex Parkway construction activities, we are writing to inform you of the upcoming construction works taking place in your area.

The Parkway Infrastructure Constructors will be undertaking tree clearing activities in the area between Malden Road and Spring Garden Road throughout the upcoming two weeks. The removal of trees in this area is required in order for future construction to take place.

An extensive tree survey in the Parkway corridor was carried out to identify opportunities to preserve existing trees. Wherever possible, trees removed from within the construction corridor will be salvaged for future implementation in the landscaping of the Windsor-Essex Parkway.

We appreciate your cooperation during this time. All construction activities are scheduled pending weather conditions. Please visit our project website and/or contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-WE-PKWAY (1-877-937-5929) or via e-mail at **wep-plo@wemg.ca** for any modifications regarding the timing of these works. Should you have any questions or concerns please do not hesitate to contact us.

Yours truly,

Parkway Infrastructure Constructors
