

# WINDSOR-ESSEX PARKWAY ROAD CLOSURES

## BETHLEHEM AVENUE AND GROSVENOR DRIVE

The Windsor-Essex Parkway is part of a long-term transportation solution that will ensure the safe and efficient movement of people, goods, and services through Canada's premier trade corridor, the Windsor-Detroit gateway. The completed 11 kilometre Parkway will feature the separation of local and international traffic, the elimination of stop-and-go traffic in residential areas, more than 300 acres of green space, 20 km of recreational trails, and new community connections.

### Bethlehem Avenue

A portion of Bethlehem Avenue between Huron Church Road and Sixth Street will be closed **Tuesday, February 21, 2012** for a period of approximately **one year**. This closure is required for construction of the Windsor-Essex Parkway Labelle Tunnel (T-2) and Bridge 7 (B-7) (Labelle Street and Lambton Road). A diversion route (D1) connecting Bethlehem Avenue to Lambton Road will provide access during this closure.

### Grosvenor Drive

The **permanent** closure of Grosvenor Drive at Highway 3 will take effect **Tuesday, February 21, 2012**, to allow for construction of the Oliver Estates Tunnel (T-11). Traffic can access this area via the next intersection at Howard Avenue. The permanent closure is required as this section of road will be incorporated into T-11 once constructed.

We appreciate your cooperation during this time. All closures are scheduled pending weather conditions. Please check road signs, visit our project website and/or listen to radio local radio for any modifications regarding the timing of these closures. Should you have questions or concerns please contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-WE-PKWAY (1-877-937-5929) or via e-mail at [wep-plo@wemg.ca](mailto:wep-plo@wemg.ca). Every effort will be made to reduce inconvenience to drivers, residents and the business community. For project inquiries, please visit [www.weparkway.ca](http://www.weparkway.ca) or contact:
