RE: UPCOMING CONSTRUCTION ACTIVITY- ROAD ACCESS LAMBTON RD.& 7TH ST.

Dear Resident,

As part of our continued commitment to keep residents informed regarding the Windsor-Essex Parkway construction activities taking place, we are writing to advise you of the upcoming construction works in your area.

The Parkway Infrastructure Constructors will require use of Lambton Road and 7th Street for access to the excavation site currently undergoing works for the construction of a pond (Pond 5), located between Bethlehem Avenue and Lambton Road. This access will be used in order to facilitate access to the site and accelerate the excavation process for the construction of the pond.

We appreciate your cooperation during this time. Construction activities are scheduled pending weather conditions. Please visit our project website for any modifications regarding the timing of these works. Should you have any questions or concerns please contact the Windsor Essex Mobility Group Public Liaison Office at 1-877-WE-PKWAY (1-877-937-5929) or via e-mail at wep-plo@wemg.ca.

Yours truly,

Parkway Infrastructure Constructors
