

Landscaping Features at Cabana Road/Todd Lane

The Windsor-Essex Parkway provides more than 300 acres of green space with landscaped areas, pedestrian bridges and tunnels and noise barriers. All of these features will work together to showcase how large-scale infrastructure and public uses can co-exist with natural habitat while considering the perspectives of drivers and adjacent residents. The following table describes features of noise barriers and landscaping elements in proximity to Cabana Road/Todd Lane.

NOISE BARRIER			LANDSCAPING ELEMENTS	
Noise wall	Earth berm	Combination wall/berm	Pedestrian Bridge	Trails
No	Yes	No	Yes	Yes
n/a	Provided by trail berm	n/a	Trail Bridge 4 (TB-4) Width: 4m Location: North of Highway 3 across Cabana Road	<p>Type: Secondary Trail Width: 3m Material: Asphalt Location: North side of Highway 3 Connections: Cabana Road, Primary Multi-use Trail</p> <p>Type: Primary Multi-use Trail Width: 4m Material: Asphalt Location: North side of Highway 3 Connections: To Trail Bridge 4 (TB-4), Villa Borghese Tunnel (T-7), and community</p>

Landscaping

The cross-section on the back of this page depicts the location and features of noise barriers and landscaping elements in proximity to Cabana Road/Todd Lane. **NOTE:** An alternate form of pedestrian bridge may be introduced for public consideration. If the project proceeds with any bridge type other than the one shown on these drawings, additional consultation will be undertaken.

In summary, landscaping features depicted in this location include:

- mixed planting buffer with evergreens, trees, shrubs, and grasses in the screening landscape between the Cabana/Northway community and asphalt trail
- low growing grasses along the trail edge
- Oak Savannah grasses, tree planting, and shrubs from asphalt trail to trail bridge and from trail bridge to Highway 3
- salt-tolerant grasses along Highway 3 roadside zone
- grassland with seasonal wildflowers and low growing grasses atop Todd/Cabana Tunnel (T-6)
- Oak Savannah grasses, tree planting, and shrubs from Todd/Cabana Tunnel (T-6) to asphalt trail
- combination low growing grasses and Oak Savannah plantings from asphalt trail to Pond 4 (located east of Todd Lane and will discharge into the Lennon Drain).

Who can I contact if I have a question or concern?

It is one of the project team's goals to work with the community throughout the construction of this project.

If you have any concerns regarding construction of the Parkway, please contact or visit the Windsor Essex Mobility Group's Public Liaison Office at 1-877-937-5929, 2187 Huron Church Road Suite 340, or wep-plo@wemg.ca.

Please visit www.weparkway.ca to learn more about the Windsor-Essex Parkway. Updates will be posted on Twitter (www.twitter.com/weparkway) and Facebook (www.facebook.com/weparkway) and photos and videos will be posted on Flickr (www.flickr.com/weparkway) and YouTube (www.youtube.com/weparkway).
